facts about Le CORBUSIER

Name: LE CORBUSIER

Occupation: ARCHITECT

Birth date: OCTOBER 06, 1887

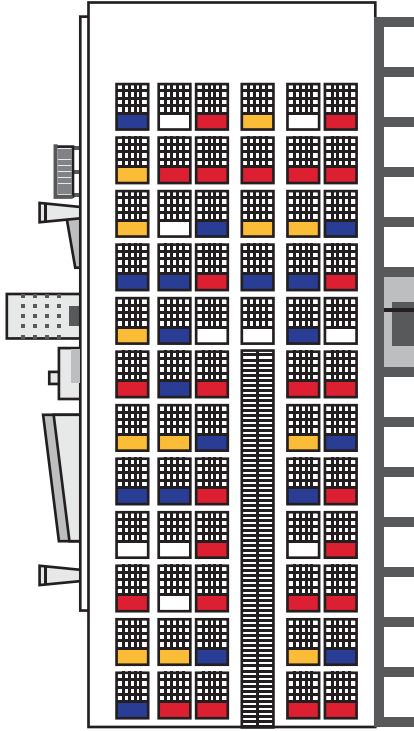

Death date: AUGUST 27, 1965

Place of birth: SWITZERLAND

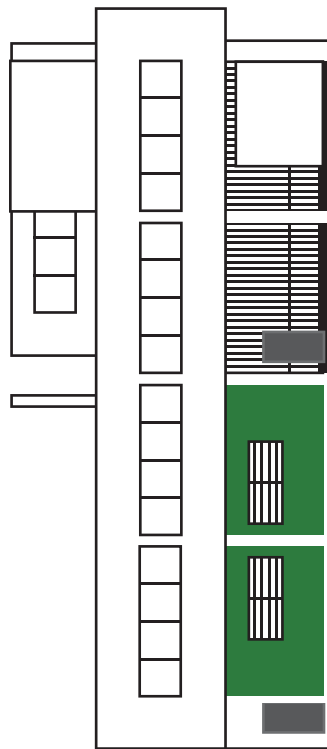

famous building

VILLA SAVOYE, FRANCE

In Villa Savoye, Le Corbusier replaced the supporting walls by concrete pillars. This gives the villa unrestrained internal space and distinctive horizontal windows. The roof garden gives a disassociated perspective for the inhabitants from the surrounding landscape at the ground level.

3 Unité d'Habitation, Marseilles, France
